## Legal Disclosure

Performance shown is historical and not indicative of future returns. An investment in the Louisiana Asset Management Pool is neither insured nor guaranteed by the Federal Deposit Insurance Corporation or any government agency. Although the Fund seeks to preserve the value of your investment at $1.00 per share, it is possible to lose money by investing in the fund.
About LAMP

The Louisiana Asset Management Pool ("LAMP") combines the efficiency of private enterprise with the protection of public policy. It enables local officials to pool and collectively invest funds to benefit from competitive yields, lower fees and the same level of investment management otherwise available only to large institutional investors.

The fund is operated by a non-profit corporation, LAMP, Inc., whose officers include the President, normally the Treasurer of the State of Louisiana, a Chief Executive Officer and a Chief Administrative Officer, charged with day-to-day operations of the program.

The Louisiana Asset Management Pool ("LAMP") operates under Louisiana law as a cooperative endeavor to assist local Louisiana governmental entities in the investment of cash balances.

All public entities, excluding the State of Louisiana and its departments, are eligible to participate in LAMP.

Objectives

The objective of LAMP is to provide safety of principal and daily liquidity with a competitive rate of return through investments in obligations issued by the U.S. government, its agencies and instrumentalities, government-only money market funds rated AAAm by Standard & Poor's, investment grade commercial paper issued in the United States, traded in the United States markets, denominated in United States dollars, with a short-term rating of at least A-1 by Standard & Poor's Financial Services or P-1 by Moody's Investor Services, Inc. or the equivalent rating by a Nationally Recognized Statistical Rating Organization (NRSRO).

**Preservation of principal:** The primary goal of the fund is to maintain a stable net asset value. LAMP has consistently earned a rating of AAAm from Standard & Poor's, the highest rating available to LAMP.

**Daily liquidity:** LAMP offers same-day access to funds under management by toll-free phone, fax, or on-line through MYACCESS with no transaction fees.

**Competitive yield:** By pooling funds, LAMP’s participants enjoy the level of professional money management otherwise available only to large institutional investors. This generally results in higher yields and lower management fees.

Benefits

As a cooperative venture, LAMP is able to provide participants with a range of benefits that would be difficult to achieve individually, including:

**Professional money management:** The LAMP pool is large enough to attract the attention and service of the very best investment managers in the country. As a result, LAMP generates an attractive yield and a low expense ratio to its participants.

**Administrative efficiency:** LAMP operates extremely efficiently, keeping staff and overhead to a minimum while maintaining responsive service. LAMP participants have 24-hour access to account information, performance and yields through MYACCESS.

**Responsive reporting:** LAMP participants enjoy the benefits of the MYACCESS for immediate, fully secured access to their accounts and a variety of reports.

**Voting rights and governance:** LAMP participants maintain direct oversight control of the pool by annually electing a board of directors from the participants themselves.
Safeguarding the Public Trust

Dear LAMP Participant,

For more than 20 years, the Louisiana Asset Management Pool ("LAMP") has served public entities from across the Pelican State by providing an opportunity to collectively aggregate and safeguard public funds. Through our cooperative endeavor to preserve capital, protect principal, maintain sufficient liquidity, provide safety and maximize returns, we’ve been able to withstand economic downturns like the Great Recession of 2008. In fact, we’ve generated more than $500 million in non-taxable revenue for participants – without any cost to Louisiana’s taxpayers – since our inception in January 1994.

During fiscal year 2014, our membership grew to 640 voluntary participants and our assets under management declined slightly to $1.3 billion, as participants continued to draw down their investments to meet budgetary shortfalls. We demonstrated our extremely strong capacity to maintain principal stability and limit losses from credit-risk exposure by retaining our AAAm credit rating from Standard & Poor’s. To review our 21st consecutive, unmodified audit opinion from the Legislative Auditor’s Office, visit our website, www.lamppool.com.

On August 1, 2015, LAMP transitioned to a new fund accounting and transfer agency service provider, Public Trust Advisors, LLC. The employee-owned and independent firm is a U.S. Securities and Exchange Commission registered investment advisor based in Denver, Colorado. The firm, which specializes in managing investment pools for local governments and public agencies, has developed a strong national presence as an innovator and trusted advisor. For more information about the firm, visit www.publictrustadvisors.com.

In closing, I’d like to thank you for your confidence in LAMP over the past two decades. Our collective pool enables us to benefit from operating efficiencies and economies of scale. And our partnership emboldens us to forge ahead in safeguarding the public trust.

Best Regards,

John Kennedy
Louisiana State Treasurer
President, LAMP, Inc.
**Our Nation’s Economy**

Despite a rocky start with frigid temperatures, geopolitical unrest and a somewhat hawkish Federal Reserve statement, the U.S. economy showed some signs of improvement in 2014.

- U.S. real gross domestic product rose 2.39 percent. Adjusted for price changes, real GDP is regarded as a key indicator for economic growth.
- More than 2.95 million jobs were created, according to the U.S. Department of Labor, making 2014 the best year for job growth since 1999.
- After falling to a six-year low of 5.6 percent in December, the national unemployment rate was 6.2 percent for 2014.
- The Federal Reserve ended its quantitative easing stimulus program in October. The program started in November 2008 amid the financial crisis and fears that the U.S., and the rest of the world, might be facing another great depression.
- Consumer confidence levels were at their highest since the recession began in 2008. Gains in consumer spending helped to offset weaker global demand and powered a continued expansion in manufacturing and services.

Housing was the one area where consumer demand waned. Despite low mortgage rates, first-time homebuyers remained skittish to take the plunge on a home purchase. Strict lending standards, higher home prices and low inventories contributed to the problem.

**Our State’s Economy**

In 2014, Louisiana’s economy grew by 1.9 percent and our state’s $251 billion economy ranked 19th among the states for growth. Our unemployment rate was 6.4 percent.

- **Largest Contributor of Growth** – Makers of nondurable goods, including oil and chemical refiners, added more than 2 percent to growth and reflected a continued investment boom in refineries and chemical plants fueled by low natural gas prices.
- **Largest Detractor of Growth** – Mining (including oil and natural gas extraction), with the help of low natural gas prices, was the biggest drag on Louisiana’s economy. According to the U.S. Energy Information Administration, the state’s natural gas production fell by approximately 20 percent and crude oil production fell almost 5 percent.

**LAMP’s Rebates**

In 2014, LAMP helped bolster local economies through participant rebates in administrative expenses totaling $1.1 million, which increased total rebates to $12.9 million since the Fee Rebate Program began in October 2006. LAMP closed the year with $1.3 billion in assets under management; yields throughout the year compared favorably to our benchmark, the S&P AAA/AA Rated Govt 30 Day Net Yield Index.

**Conference, Conventions & Annual Meetings 2014**

- Government Finance Officers’ Association Spring & Winter Workshops
- Government Investment Officers (GIOA) Annual Conference
- LAPERS Annual Conference

- Police Jury Association of Louisiana Annual Conference
- Retired State Employees Association Annual Conference
Financial & Compliance Audit

LAMP received its 21st consecutive unmodified audit from the Louisiana Legislative Auditor’s Office. The report is available at: www.lamppool.com.

S&P Rating

LAMP has maintained its AAAm rating from Standard & Poor’s for its “extremely strong capacity” to maintain stability of principal and daily liquidity. More information is available at www.standardandpoors.com.

*LAMP vs. S&P AAA/AA GIP*

(30-day average yields)

*The benchmark, the S&P AAA/AA Rated Government 30-Day Net Yield, is an unmanaged market index representative of the LGIP universe.*

LAMP was created in 1993 as a cooperative endeavor to assist local Louisiana governmental entities in the investment of their cash balances.

**Preservation of Principal**

The primary goal of LAMP is to maintain a stable net liquid asset value in the pool so that principal is preserved.

**Liquidity**

LAMP offers same-day access to funds through MYACCESS online, or by a simple call to the toll-free LAMPline at 1-800-272-8162 to make transfers or investments with no transaction fees. Participants may also fax instructions toll-free to LAMP at 1-800-604-6988.

**Increased Yield**

The combined purchasing power of LAMP generally attracts competitive interest rates for LAMP participants.

Municipalities, parish governments, school boards, sheriffs, district attorneys, utility districts, local governments and other political subdivisions are eligible to enroll in LAMP and enjoy all the program benefits. By pooling assets and resources, local authorities can benefit from the same level of professional money management otherwise available to only larger institutions.

**Administrative Efficiency**

LAMP participants have access to account information, performance and yields by calling the toll-free LAMPline at 1-800-272-8162.

LAMP’s website, www.lamppool.com, allows LAMP participants to access their account information via MYACCESS. It also contains information on LAMP’s latest rates, participants, upcoming events, board members, staff and officers, as well as links to interesting and informative sites of other Louisiana associations, state agencies and national financial information providers.

**Professional Management**

LAMP, Inc. employs a professional administrative staff, contracts with a major Louisiana bank for custodial services and a national known investment advisor, which follow strict guidelines adopted by the board of directors. LAMP also employs an independent professional investment consultant.

**Arbitrage Tracking**

LAMP can track earnings on new bonds issued for LAMP participants and invest those earnings to achieve attractive returns.

**Low Cost**

By aggregating the funds available for investment, LAMP can reduce the administrative and custodial fees and maximize the yield on participants’ investments.

**Voting Rights**

LAMP participants maintain direct control of who oversees the management of the investment pool by electing the board of directors for LAMP, Inc. at the annual membership meeting.
