PROGRAM SUMMARY

LAMP WORKS FOR

LOUISIANA

The Louisiana Asset Management Pool (LAMP) operates under Louisiana law as a cooperative endeavor to assist local Louisiana governmental entities in the investment of cash balances. The objective of LAMP is to provide safety of principal and daily liquidity with a competitive rate of return through investments in obligations issued by the U.S. government, its agencies and instrumentalities, government-only money market funds rated AAAm by Standard & Poor's, commercial paper of domestic United States corporations rated A-1 or A-1+ by Standard & Poor's, and in repurchase agreements collateralized by those investments. All public entities, excluding the State of Louisiana and its departments, are eligible to participate in LAMP.

FROM THE PRESIDENT

John Kennedy
State Treasurer
President, LAMP, Inc.

Stability. Confidence. Preserved principal.
2008 revealed the true benefits of foresight and steady management.

Dear LAMP Participant:

2008 marked the start of the worst financial crisis in decades. The good thing is, LAMP was well positioned for it. You may recall that, back in 2007, we had already divested from the SIVs and various mortgage-debt-filled instruments that would later erode principal at other state pools. These same types of securities would later cause investment houses like Lehman Brothers to tumble.

As soon as Lehman filed for bankruptcy in September of 2008, the phone started ringing at LAMP. While our participants were understandably concerned by the news, we were able to respond with ease. (LAMP did not hold any commercial paper or repurchase agreement issued by Lehman in our portfolio.) Our conservative approach and foresight has kept the pool's principal safe, and we continue to monitor our portfolio daily.

LAMP's Performance

We opened 2008 at a 7-day yield of 4.43% and closed the year at 1.11%. Our average yield of 2.41% compared very favorably with 1.39% for the 90-Day Treasury Bills, a 1.74% Governmental Institutional yield, and a Louisiana Treasury 60-day CD rate of 2.14%.

LAMP maintained its AAAM Standard & Poor's rating in 2008 and continued to maintain its unqualified audit from the Louisiana Legislative Auditor's Office. By year's end, LAMP had increased its membership to 612 local government and agency participants and had more than \$1.8 billion in assets under management.

LAMP continues to be one of the best investment choices in Louisiana. Since inception, LAMP has generated more than \$478 million in interest for Louisiana public agencies. We combine the efficiency of private enterprise with the protection of public policy to deliver conservative, transparent investment management to all local governmental entities—large or small, urban or rural.

So as we look forward to our 15th year in business, I want to offer special thanks to the LAMP staff. And thanks to you as well. You look to LAMP to protect your investment and to provide consistent portfolio management and economies of scale. Your trust and commitment help keep the entire pool profitable for all.

Stable Investing In Unstable Times

2008 was a turbulent year for the economy, to put it mildly. The year drew to a close with the highest unemployment rate in sixteen years and the lowest consumer confidence levels on record. The supply of homes for sale reached a twenty-year high, while home prices dropped to a four-year low.

As investors flocked to quality investments, short-term Treasuries posted record lows and corporate spreads widened to highs reminiscent of the Great Depression. The U.S. economy was now in the longest recession in a quarter-century marked by tight credit conditions, declining home prices, and prolonged cutbacks in consumer and business spending.

2008 was also a time for unprecedented government bailouts and liquidity programs. Through the Troubled Asset Relief Program (TARP), the U.S. Treasury channeled hundreds of billions of dollars to recapitalize banks and rescue companies like AIG and Citigroup. Even with these actions, short-term funding markets remained strained, and banks reported massive write-downs.

The quickening pace of deterioration compelled the Federal Reserve ("Fed") to pull out all stops and adopt a Zero Interest Rate Policy (ZIRP) at its mid-December meeting. And the Federal Open Market Committee ("FOMC") cut rates to the lowest levels ever, announcing a target range for the Federal Funds rate of 0.00-0.25%.

Louisiana's economy, while not isolated from the recession, was still in recovery mode. Areas affected by the 2005 hurricanes continued to rebuild using federal, state, and private resources. LAMP helped by reducing expenses and issuing rebates as part of the Fee Rebate Program that began in October 2006. Since inception of the program, LAMP has rebated back \$3.3 million. LAMP ended 2008 with more than \$1.8 billion in assets under management. Yields compared very favorably to the 90-day T-bill rate, the Government Institutional 7-day net yield, and the Louisiana Treasury 60-day CD.

FINANCIAL & COMPLIANCE AUDIT

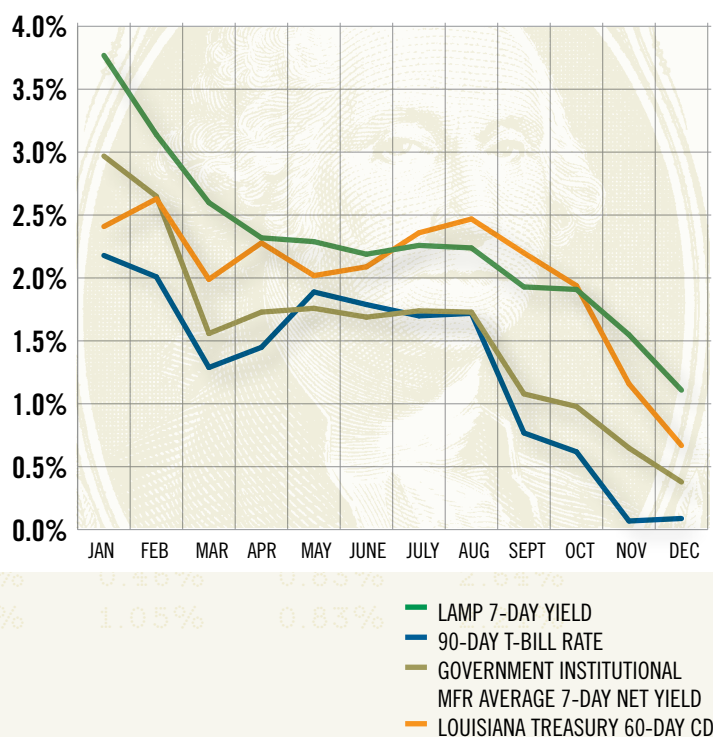

LAMP received its 15th consecutive unqualified audit from the Louisiana Legislative Auditor's Office. The report is available at: <http://www.lamppool.com/pdf/LAMPFinancialStatementAudit2008.pdf>

S&P RATING

LAMP has maintained its AAAm rating from Standard & Poor's. Report information from that entity is included in this document. More information is available at www.standardandpoors.com.

PROGRAM OBJECTIVES AND BENEFITS

LAMP was created in 1993 as a cooperative endeavor to assist local Louisiana governmental entities in the investment of their cash balances.

PRESERVATION OF PRINCIPAL

The primary goal of LAMP is to maintain a stable net liquid asset value in the pool so that principal is preserved.

It also contains information on LAMP's latest rates, participants, upcoming events, board members, staff and officers, as well as links to interesting and informative sites of other Louisiana associations, state agencies and national financial information providers.

PROFESSIONAL MANAGEMENT

LAMP, Inc. employs a professional administrative staff, contracts with a major Louisiana bank for custodial services and with separate, nationally and locally known investment managers, which follow strict guidelines adopted by the board of directors. LAMP also employs an independent professional investment consultant.

ARBITRAGE TRACKING

LAMP can track earnings on new bonds issued for LAMP participants and invest those earnings to achieve attractive returns.

LOW COST

By aggregating the funds available for investment, LAMP can reduce the administrative and custodial fees and maximize the yield on participants' investments.
